## Math Calculations

In a retail company, it is important to be able to work well with numbers and cash. To demonstrate your ability in this area, please complete the following:

1. A customer bought two items that totaled \$87.58 and gave you a \$100.00 bill. What change would you give the customer?
2. If you received two dozen 6" terra cotta pots and sold three of them the first day, how many pots are left?
3. Two hundred customers came in to the store today and only one hundred of them made a purchase. What percentage of the customers made a purchase today?

## Willingness Checklist

Part of the activities required to maintain and operate a retail store involve duties or tasks that are often overlooked when describing a specific job. Please indicate your level of willingness to perform these tasks and duties by placing an "X" on the appropriate line.
